DESCRIPTION

Discover the Fusion Banana high-end banana connector for speakers, designed to assemble the innovative Oehlbach FUSION speaker cable or comparable high-quality speaker cables.
This connector ensures the optimal and convenient connection of speaker cables to speaker cabinets and electronic components such as AV receivers or amplifiers.
Thanks to the innovative double screw connection, this Oehlbach connector provides a secure contact and excellent transmission quality in any situation.
With a solid, fully insulated body, unwanted short circuits are effectively eliminated.
The connector contacts are 24 carat gold-plated and the cable feed is suitable for conductor cross-sections up to 6.0 mm².
For optimal assembly, we recommend the use of high-quality ferrules.
