Oehlbach Scope Vision - The test winner:
The Oehlbach Scope Vision is a compact indoor antenna that offers outstanding DVB-T2 HD reception. This is proven by numerous user reviews and tests in the trade press - including a test win at Stiftung Warentest. Here, the Scope Vision held its own against 13 other models on the winner's podium. The stylish DVB-T2 HD antenna works with any external DVB-T2 HD receiver or TV with a built-in DVB-T2 tuner.

Stiftung Warentest judges: Test victory with the grade "very good" (1.1)
Stiftung Warentest comes to a clear verdict with regard to the Oehlbach Scope Vision: "The winning antenna Oehlbach Scope Vision [...] provides viewing pleasure. It offers very good reception and is effortless to set up and align." In the 2/2017 issue, the DVB-T2 HD antenna from Oehlbach secures not only the test victory and the excellent rating of 1.1 - very good, but also top marks in the respective subcategories (reception, handling, processing).

Excellent reception in proven Oehlbach quality
With the Oehlbach Scope Vision, the best reception via indoor antenna is guaranteed: The extremely low-noise receiving section still conjures up a clear picture even from weak signals. The Oehlbach Scope Vision receives the necessary power via USB cable. It can therefore also be supplied with power directly from the TV. Those who prefer to use a power outlet can do so via the included power adapter.

Flexible set-up
The Oehlbach Scope Vision is very compact and also extremely flexible in terms of placement: Whether upright, horizontal or mounted on the wall with screws - you can place or mount the antenna directly where it receives the strongest signal. The extra-long antenna cable (connects to the receiver or TV) also offers maximum freedom.

TECHNICAL DATA

Weight	0.422 kg
Length	350 mm
Width	140 mm
Height	36 mm
Characteristic impedance	Eliminates high-frequency irradiation
Colour	Black
Plug type 1	antenna male, USB 2.0 Type A
Screen resolution	1080p Full HD
Transmission standard	DVB-T2

Quality level	Excellence
Mains voltage	5V - 40mA
Product Category	Antenna
Reception area	UHF: 470 - 790 MHz
Signal direction	IN
Housing material	More than five Inputs
cable length	1.80 m
Connection type	Video

Testsieger der Stiftung Warentest!
1,1
Die Stiftung Warentest kommt in Bezug auf die Oehlbach Scope Vision zu einem eindeutigen Urteil: „Fernsehvergnügen bereitet die Sieger-Antenne Oehlbach Scope Vision […]. Sie bietet einen sehr guten Empfang und lässt sich mühelos aufstellen und ausrichten."
Die DVB-T2 HD Antenne von Oehlbach sichert sich in der Ausgabe 2/2017 neben dem Testsieg und der hervorragenden Bewertung 1,1 – sehr gut auch noch die Bestnoten in den jeweiligen Unterkategorien (Empfang, Handhabung, Verarbeitung).
