DESCRIPTION

The Oehlbach DualPower 20 is a versatile and powerful USB charger that optimally supplies almost any mobile device thanks to its extensive support of modern charging protocols - including Power Delivery (PD), QC, AFC, FCP and Apple Fast Charge.
With a total output of 20 watts, it enables fast and efficient charging, whether for smartphones, tablets or accessories.

The combination of USB-A and USB-C makes the DualPower 20 a universal companion for everyday use and when traveling.

The charging power at the USB-A port is: 18 watts and the charging power at the USB-C port is: 20 watts. When using both ports simultaneously, 15 watts are available per port.

As you would expect from Oehlbach, the charger impresses with its high-quality workmanship, integrated protection mechanisms and maximum safety - for reliable charging around the clock.

TECHNICAL DATA

Вес	0.063 kg
Длина	90 mm
Ширина	50 mm
Высота	50 mm
Особенности	различно используемый, Два USB-разъема для зарядки с зарядным током 2,4 ампер, Компактная конструкция
Напряжение сети	230 В / 50 Гц

Цвет	Black
Уровень качества	Performance
Вилка типа 1	USB Type-C
Вилка типа 2	USB 2.0 Тип A
Материал корпуса	Пластиковый корпус
