Product description

Note on returned items (refurbished)

This item has been carefully checked and refurbished. It may show slight signs of use and the packaging may be damaged. The item is fully functional. The warranty corresponds to that of new goods.

If you have any questions, please contact our customer support team at kundenservice@oehlbach.de.

Excellent reception of digital terrestrial television DVB-T2 always requires a suitable antenna: one like the Oehlbach Scope Flat. In this DVB-T2 indoor antenna, newly developed, particularly low-noise reception technology ensures picture and sound quality that can be seen and heard. You can place this active antenna completely flat on a cupboard and it will not be noticed at all. Or you can hang the elegant design - available in black or white - on the next wall like a picture frame. A 1.8 metre antenna cable with a 24 carat gold-plated antenna plug gives you plenty of room to find the perfect spot for this antenna.
