

# Scope Vision 5G

OEHLBACH Scope Vision 5G - DVB-T2 HD indoor antenna for digital TV reception. 5G filter, Compact design, easy installation - crystal-clear picture, no.

**Product number** D1C17237

**Weight** 0.422kg

**Length** 350mm

**Width** 140mm

**Height** 36mm

## Product description

Based on our test winner, the Oehlbach Scope Vision, we now present the exclusive special edition for Oehlbach's 50th anniversary: The Oehlbach Scope Vision 5G is a compact indoor antenna that offers outstanding DVB-T2 HD reception. The stylish DVB-T2 HD antenna works with any external DVB-T2 HD receiver or TV with a built-in DVB-T2 tuner.

Excellent reception in proven Oehlbach quality

Thanks to the new 5G filter, the antenna is protected against interference from LTE & 5G frequencies, which are very close to the frequency range of the DVB-T2 signal. In addition, the new Scope Vision 5G receiver is more powerful and ensures even lower noise reception. The Oehlbach Scope Vision 5G receives the necessary power via USB cable. It can therefore also be powered directly from the TV. If you prefer to use a power socket, you can do so using the power adapter supplied.

Flexible installation

The Oehlbach Scope Vision 5G is very compact and also extremely flexible when it comes to positioning: whether upright, horizontal or mounted on the wall with screws, you can position or attach the antenna directly where it receives the strongest signal. The 3 meter antenna cable (connected to the receiver or TV) also offers maximum freedom.

## Product properties

<b>Colour</b>	Schiefergrau
<b>Characteristic impedance</b>	Eliminates high-frequency irradiation
<b>Lizenzen</b>	DVB-T2, DVB-T2-HD
<b>Plug type 1</b>	antenna male, USB 2.0 Type A
<b>Connection type</b>	Audio, Video
<b>Quality level</b>	Excellence
<b>cable length</b>	3 m
<b>Product Category</b>	Antenna
<b>Housing material</b>	More than five Inputs
