- FSC-certified paper

DESCRIPTION

Premium record sleeves for the best possible care of your vinyl treasures

Protect your valuable vinyl records to the highest standard with our Vinyl Protect record sleeves. These high-quality inner sleeves feature innovative technology to keep your record collection in pristine condition.

High-quality features

FSC-certified paper with a substantial weight of 100 g/m². Our robust paper provides reliable protection against dust, dirt and scratches. By using FSC-certified paper, you're helping to protect the environment without compromising on quality.

Anti-static inner liner: Protects your records from disruptive static electricity and ensures smooth playback without annoying crackling noises.

Perfect size: Suitable for all 12-inch LPs, ideal for any collection – from classics to modern new releases. The sleeves are very easy to handle and can be inserted and removed effortlessly.

Perfect for discerning collectors

Maximum protection: The perfect combination of durable paper and anti-static inner liner protects your records from external influences.

Easy to use: The sleeves are easy to insert and remove and slide effortlessly into your records' outer sleeves.

Quality: Using FSC-certified paper, we combine design with the highest quality standards.
