DIGITAL-TO-ANALOG CONVERTER

Digi Bridge | Metallic Brown | PWR-C

€79.99 RRP incl. VAT

Product number **D1C6035**

EAN **4003635060353**

HIGHLIGHTS

- High-quality transmission with a pure sound
- High quality anodised aluminium

DESCRIPTION

The top-class Oehlbach DA Converter converts digital to analog audio signals. High-resolution encoded signals are recorded via a coaxial or optical input. The desired input can be selected using a switch and the subsequent output is via a 2-channel RCA output. Inside the device, a high-quality Cirrus Logic chip performs lossless conversion from digital to analog. The handy DA converter is suitable for audio sources in PCM format and supports audio signals up to 192kHz/24Bit. Power is supplied via the USB port or the power supply plug. (Dolby and DTS formats are not decoded).

TECHNICAL DATA

Weight	0.21 kg	**Article depth**	53
Length	235 mm	**Quality level**	Performance
Width	160 mm	**Connection type**	Audio
Height	55 mm	**Sampling rate**	192 KHz
Article width	68	**Product Category**	Electronics
Article height	23	**Colour**	Metallic Brown
