

Primus CB | 2 m | Black/Gold

Product number	D1C9548
Weight	0.148kg
Length	225mm
Width	140mm
Height	20mm

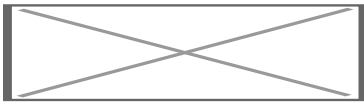

Product description

Discover our **USB Primus CB** - the optimal USB cable that takes performance to a new level. This high-end USB-C to USB-B cable impresses with impeccable functionality and durable materials

- **High-quality premium USB cable:** The cable is equipped with a USB-C to USB-B plug and offers reliable, loss-free signal transmission. The inner conductor made of HPOCC® (monocrystalline, oxygen-free copper) ensures particularly pure and precise data transmission. The robust yet flexible fabric jacket protects the cable from external influences and ensures a long service life.
- **First-class shielding and high data transmission speed:** The cable has triple shielding, which effectively reduces electromagnetic interference and thus ensures interference-free transmission. With a data transmission speed of up to 480 Mbps, it meets the requirements of high-quality digital audio and data transmissions.
- **Maximum contact reliability thanks to precision-manufactured connectors:** The robust metal connectors with 24-carat gold-plated contacts ensure a reliable connection and minimize contact resistance. This ensures excellent signal quality without loss of sound quality, ideal for demanding audio applications.
- **Perfect for high-quality audio transmissions:** This cable is specially optimized for digital audio applications, including DACs (digital-to-analogue converters), external headphone amplifiers and high-quality audio interfaces. It enables detailed and lossless sound reproduction, allowing music lovers and audiophiles to fully enjoy their favorite recordings.
- **Safe hold and stable connection:** Thanks to the connector socket, the cable offers a firm and secure connection in any USB socket. This prevents accidental disconnection or loose contacts, guaranteeing uninterrupted signal transmission - ideal for professional and demanding use.

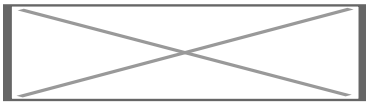

With its elegant design in black/gold with elegant metal plugs and high-quality workmanship, this premium USB cable is the ideal choice for anyone who demands the highest standards of reliability and durability without compromising on quality.

Experience the perfect connection - with Oehlbach!

Product properties

Product Category	USB cable, Data cable
cable material	Solid plastic casing
Features	Perfect for audio transmissions, DACs, external headphone amplifiers, etc., HPOCC® copper conductor for pure, loss-free signal transmission, Triple shielding against interference for perfect audio quality, 24kt gold plated contacts, Audio streaming, 30 years warranty**
Plug type 2	USB-B
Shielding	triple shielding
cable length	2 m
Quality level	State of the Art
Shielding construction	2 x aluminium foil + 1 x copper braiding
Plug type 1	USB Type-C
Connection type	Audio, Data
Connector material	solid metal plug
Signal direction	IN/OUT
Inner conductor material	HPOCC® – mono-crystalline oxygen-free copper inner conductor
cable geometry	Round
Colour	Black/Gold
Transmission rate	480 Mbps
