- **Lightning-fast data transmission:** With an excellent transmission speed of up to **20 Gbps** (at 2 m and 3 m) or **40 Gbps** (at 50 cm and 1 m), the USB Pulse CC ensures ultra-fast data transmission. Perfect for demanding tasks such as 8K video transmissions via **DisplayPort 1.4 alt mode**.
- **Powerful power supply**: Supports ultra-fast charging with up to 240 W charging power thanks to Power Delivery 3.1 - ideal for smartphones, tablets, laptops and other USB-C devices.
- **High-quality materials for maximum reliability**: The inner conductor made of **oxygen-free copper (OFC)** guarantees loss-free data transmission, while the robust **TPE jacket** ensures flexibility and durability.
- **Intelligent communication and safety**: Enables precise identification of current, data transfer speed and cable specifications thanks to the integrated **eMarker chip** - protects devices from overcurrent and overheating and optimizes the performance of modern USB-C devices.
- **Multi-purpose**: Perfectly suited for power supply and data transfer, for example in the home office, as well as for fast charging of a variety of devices with USB-C connection.

With its elegant design in **anthracite** and practical lengths, the USB Pulse CC is the ideal choice for anyone who demands quality and durability.

Experience the perfect connection - with Oehlbach!
