

## Pulse CC | anthracite | 2 m

OEHLBACH Pulse CC - USB-C® cable for fast charging and data transfer. Compatible with smartphones, tablets and notebooks - robust and reliable.

<b>Product number</b>	D1C9369
<b>Weight</b>	0.155kg
<b>Length</b>	225mm
<b>Width</b>	140mm
<b>Height</b>	20mm

### Product description

Discover our **USB Pulse CC** - the optimal USB TYPE-C® cable that takes performance, speed and quality to a new level. This high-quality USB-C to USB-C cable impresses with impeccable functionality and durable materials.

- **Lightning-fast data transmission:** With an excellent transmission speed of up to **20 Gbps** (at 2 m and 3 m) or **40 Gbps** (at 50 cm and 1 m), the USB Pulse CC ensures ultra-fast data transmission. Perfect for demanding tasks such as 8K video transmissions via **DisplayPort 1.4 alt mode**.
- **Powerful power supply:** Supports ultra-fast charging with up to 240 W charging power thanks to Power Delivery 3.1 - ideal for smartphones, tablets, laptops and other USB-C devices.
- **High-quality materials for maximum reliability:** The inner conductor made of **oxygen-free copper (OFC)** guarantees loss-free data transmission, while the robust **TPE jacket** ensures flexibility and durability.
- **Intelligent communication and safety:** Enables precise identification of current, data transfer speed and cable specifications thanks to the integrated **eMarker chip** - protects devices from overcurrent and overheating and optimizes the performance of modern USB-C devices.
- **Multi-purpose:** Perfectly suited for power supply and data transfer, for example in the home office, as well as for fast charging of a variety of devices with USB-C connection.

With its elegant design in **anthracite** and practical lengths, the USB Pulse CC is the ideal choice for anyone who demands quality and durability.

**Experience the perfect connection - with Oehlbach!**

## Product properties

<b>Product Category</b>	USB cable, Data cable
<b>Features</b>	Up to 8K video support, EPR - Extended Power Range (48V/5A), E-marker chip for the safety of connected devices, Backwards compatible with USB 3.2 and USB 2.0, Thunderbolt 3 and USB4 compatible, 24kt gold plated contacts, High quality anodised aluminium, 30 years warranty**
<b>Max. Ladeleistung</b>	240 W
<b>Inner conductor material</b>	OFC - oxygen-free copper
<b>4K/8K</b>	4K, 8K
<b>Colour</b>	Anthracite
<b>Shielding</b>	triple shielding
<b>cable length</b>	2 m
<b>Transmission rate</b>	20 Gbps
<b>Quality level</b>	Performance
<b>Shielding construction</b>	2 x aluminium foil + 1 x copper braiding
<b>Plug type 1</b>	USB Type-C
<b>Connection type</b>	Audio, Data, Video
<b>Connector material</b>	solid metal plug
<b>Plug type 2</b>	USB Type-C
<b>cable material</b>	TPE
<b>Signal direction</b>	IN/OUT
<b>cable geometry</b>	Round
