### Product description

Developed for the images of the future in breathtaking 8K resolution at 60 Hz: With the ultra high-speed HDMI® cable Select Video Link from Oehlbach, you are already ready today for image resolutions of 7,680 x 4,320 pixels - four times higher resolution with even more detail and depth of field than you are already used to from 4K - UHD. But even without a matching 8K screen, this Oehlbach HDMI® cable sets standards that are impressive, for example, at 4K at up to 120 Hz. With a high-quality OFC conductor, triple shielding, 24 carat gold-plated full metal plugs and 100 percent contact surface, we build every Oehlbach Select Video Link cable for maximum picture and sound quality - and also available in different lengths - always suitable for your home entertainment system.
