DVB-T2 5G OUTDOOR AERIAL

Scope Vision Sky

€69.99 RRP incl. VAT

Product number **D1C17238**

EAN **4003635172384**

DESCRIPTION

The Oehlbach Scope Vision Sky is a weatherproof DVB-T2 outdoor antenna with an integrated 5G filter. We have specifically tuned the amplifier to the antenna and designed it to be particularly low-noise.

The 5G filter blocks out interference frequencies that may occur since parts of the former TV frequency band were released for mobile communications, thereby ensuring clear, stable HD reception in the UHF range from 470 to 694 MHz.

The antenna can be mounted on a mast, wall or balcony railing; the 360° adjustment allows you to fine-tune reception both horizontally and vertically. The housing is weatherproof, waterproof and UV-resistant, and the contacts are 24-carat gold-plated.

With the Scope Vision Sky, you can receive numerous HD channels free of charge; individual commercial channels may require a paid subscription, depending on the provider.

TECHNICAL DATA

Weight	1.152 kg
Length	350 mm
Width	305 mm
Height	65 mm
Surface condition	UV high-gloss coating
Operating voltage	via an external 5V / 550 mA DC power supply
Reach	50 km
cable length	10 m

Colour	Black
Plug type 1	antenna male
Transmission standard	DVB-T2
Quality level	Excellence
Product Category	Antenna
Reception area	UHF.470-790
cable material	PVC
