Product description

Excellently made preassembled subwoofer cable for connecting active subwoofers to home-cinema systems! Just the thing for connecting active subwoofers to AV receivers. The inner conductor's large diameter and the coaxial design mean that this Oehlbach cable is particularly suitable for the transmission of low frequencies. The inner conductor made from SPC/OFC - silver-plate oxygen-free copper also guarantees absolutely precise and powerful bass reproduction. The effective copper-braid multiple shielding eliminates any occurring signal interference and guarantees perfect transmission quality. A 24-carat gold-plated metal cinch plug guarantees perfectly reliable contact and pleasant handling.
