Height	600mm

Product description

Note on returned items (refurbished)

This item has been carefully checked and refurbished. It may show slight signs of use and the packaging may be damaged. The item is fully functional. The warranty corresponds to that of new goods.
If you have any questions, please contact our customer support team at kundenservice@oehlbach.de.

The Oehlbach Powersocket 505 is a high-quality processed multiple socket strip with a solid aluminum housing. With the help of the 1.5m long power cable included and the total of six individual slots, numerous devices at the central entertainment location can be supplied with power in a stable and secure manner. Thanks to the compact design, the installation of the bar is flexible and unproblematic. The protective contact sockets, which are equipped with a child safety lock, are also arranged at a 45° angle for easy plugging and unplugging. For multimedia devices, smartphones and tablets, the Powersocket 505 also offers two USB charging sockets integrated into the side with a total charging current of up to 2.4 amps. The power strip is switched on and off via an illuminated safety switch.
