Height	200mm

Product description

High-quality stereo speaker cable. The speaker cable is suitable for amplifier power of up to approx. 150 watts per amplifier channel. The outer sheath of this Oehlbach cable consists of a hard-wearing and very flexible plastic mixture. At the same time, the inner conductor is made up of a large number of individual strands, which in turn are twisted together in bundles to form a cable that can be laid extremely easily and flexibly.
