DESCRIPTION

Excellently made preassembled low-frequency audio cinch cable for cabling hi-fi and home-cinema systems. The inner conductor's coaxial design and the silver-plated wires ensure that this high-quality Oehlbach cable produces particularly transparent transmissions in the treble range while simultaneously guaranteeing – as a result of the OFC copper used – room-filling bass performances. A 24-carat gold-plated metal cinch plug guarantees perfectly reliable contact and pleasant handling.
