

Series 2 X | 1.25 m

Product number D1C13213 Weight 0.408kg 40mm Length Width 320mm Height 220mm

Product description

Particularly high-quality analogue audio cable with effective multiple shielding for cabling hi-fi and home-cinema systems! The symmetrical design design and the inner conductor made from highly pure monocrystalline HPOCC copper means that this Oehlbach cable delivers particularly good spatiality and outstanding dynamics. Perfect contact reliability and a pleasant handling are guaranteed with the 24-carat gold-plated contacts. The cable may be used for all purposes and is absolutely resistant to all sheath currents thanks to its extremely flexible outer sheath and metal plug. There is nothing to stand in the way of the robust deployment of these cables as they also come preassembled with locking XLR plugs.

Product properties

Features 24kt gold plated contacts, Direction in which the signal travels, Reliable contact, Made in Germany, incl.

washer, 30 years warranty**

Colour Blue capacity 52 pF/m Plug type 1 XLR Coupling cable length 1.25 m

Shielding triple shielding **Quality level** State of the Art

24 carat gold-plated contacts Surface condition

Connection type Audio Signal direction IN/OUT

Inner conductor

HPOCC® - mono-crystalline oxygen-free copper inner conductor

Plug type 2 XLR Plug

Shielding

construction

material

1 x aluminium foil + 2 x copper braiding

Round cable geometry audio cable **Product Category**
