

# Transmission Shift 90 | anthracite | 20 m

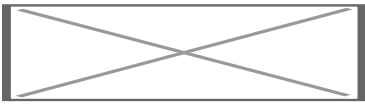

Product number	D1C24049
Weight	1.53kg
Length	295mm
Width	340mm
Height	105mm

## Product description

For the connection of digital antenna television DVB-T2 or cable television this Oehlbach Transmission Shift cable with 90 degree angled female and male end connects devices such as TV or receiver with the antenna or cable connection box. There is often little space behind devices for a straight antenna plug or the antenna cable is to be routed away at a 90-degree angle for optical reasons. Oehlbach has designed the right-angled Transmission Shift antenna connector for such cases. The two 90° antenna connector sleeves are already fitted to the Transmission Shift antenna cable. Transmission Shift brings with it an impedance of 75 ohms, a maximum one hundred percent contact area - complete with 24 carat gold-plated contacts. Thanks to high corrosion resistance, optimal transmission of image and sound signals is guaranteed for many years.

## Product properties

Product Category	antenna cable
Inner conductor material	OFC - oxygen-free copper
Features	24kt gold plated contacts, Made in Germany, German Technology
cable length	20 m
Connector material	High-quality fabric sheathing
Colour	Anthracite
Screen resolution	1080p Full HD, 4K UHD 50/60 Hz
Plug type 2	Antenna female 90°
Connection type	Audio, Video
Quality level	Excellence
cable geometry	Twisted Pair, Round
Signal direction	IN/OUT
Plug type 1	Antenna male 90°
Shielding effectiveness	120 dB
Shielding construction	2 x aluminium foil + 2 x copper braiding
