Product number	D1C191
Weight	0.616kg
Length	90mm
Width	90mm
Height	70mm

Product description

Excellently made stereo loudspeaker cable wound on to a mini coil. This loudspeaker cable is suitable for amplifier performances of up to around 150 watts of power per amplifier channel. The use of oxygen-free copper (OFC) as the conducting material ensures that an extremely clear and true-to-life sound can be achieved with this loudspeaker cable. The cable has also been made from very many ultrathin stranded copper wires – each individual wire possesses a cross-section of around 0.125 mm. This complex design means that the cable is particularly conductive and flexible throughout.

Product properties

Plug type 1	open end
Plug type 2	open end
Inner conductor material	OFC - oxygen-free copper
cable length	10 m
cable material	plastic
Layout	Mini coil
Quality level	Performance
Connection type	Audio
cable cross section	2 x 1.5 mm ²
Product Category	Loudspeaker cable
Signal direction	IN/OUT
Features	30 years warranty**, Stereo speaker cable
cable geometry	Round
Amplifier power	Recommended up to 150 Watt
Colour	Transparent
