

# Transmission Ultra S | 10 m

OEHLBACH Transmission Ultra S - Satellite cable with high shielding and 24-carat gold-plated F-connectors. For interference-free satellite TV reception in HD.

<b>Product number</b>	D1C22625
<b>Weight</b>	1.28kg
<b>Length</b>	320mm
<b>Width</b>	220mm
<b>Height</b>	70mm

## Product description

Digital high-end satellite cable for the transmission of high-resolution audio and image data. External interference stands no chance thanks to the use of a very compact sheath current filter. The inner conductor used in this five-star satellite cable is made from highly pure oxygen-free HPOCC® copper; its outstanding fivefold shielding means that its signal transmission is almost perfect and loss-free. The shielded full-metal plug helps make the transmission of highly sensitive HDTV signals extremely stable – particularly at the critical material transitions.

## Product properties

<b>Product Category</b>	antenna cable
<b>Shielding effectiveness</b>	125 dB
<b>cable length</b>	10 m
<b>Features</b>	24kt gold plated contacts, Reliable contact, 30 years warranty**, German Technology
<b>Characteristic impedance</b>	Eliminates high-frequency irradiation
<b>capacity</b>	52 pF/m
<b>Colour</b>	Black/Grey
<b>Connector material</b>	High-quality fabric sheathing
<b>Screen resolution</b>	1080p Full HD, 4K UHD 50/60 Hz
<b>Shielding</b>	Five times shielding
<b>Plug type 2</b>	Antenna F
<b>Quality level</b>	State of the Art
<b>Plug type 1</b>	Antennas F-connector
<b>Connection type</b>	Audio, Video
<b>Signal direction</b>	IN/OUT
<b>Inner conductor material</b>	HPOCC® – mono-crystalline oxygen-free copper inner conductor
<b>cable geometry</b>	Round
