

Twin Mix Two L | 2 m

OEHLBACH Twin Mix Two L - Pre-assembled speaker cable set 2 x 6,0 mm², with 24-carat gold-plated spade connectors. Ideal for audiophile Hi-Fi systems.

Product number D1C10732

Weight 1kg

Length 320mm

Width 220mm

Height 70mm

Product description

Excellently coordinated stereo loudspeaker cable for connecting AV receivers or amplifiers and loudspeaker boxes. The cable is preassembled with Oehlbach Solution cable-shoe connectors to allow convenient connections and guarantee a stable quality of transmission. This loudspeaker cable is suitable for amplifier performances of up to around 600 watts of power per amplifier channel. The cable is manufactured from three stranded strings of oxygen-free copper (OFC) and three stranded strings of silver-plated oxygen-free copper (SPOFC). The proportion of silver-plated conductors means that this special design considerably improves transmission properties, particularly in the treble/mid-tone range! This Oehlbach cable's outer sheath is made from a tough, transparent and highly flexible mix of plastics for very supple and flexible laying.

Product properties

Amplifier power	For amplifier performances of up to 600 watts
Inner conductor material	OFC - oxygen-free copper, SPC/OFC - silver-plated oxygen-free copper
Features	24kt gold plated contacts, Made in Germany, 30 years warranty**
cable material	plastic
cable length	2 m
cable cross section	2 x 6.0 mm ²
Plug type 2	2 x cable lug
Plug type 1	2 x cable lug
Colour	Crystal clear
Surface condition	24 carat gold-plated contacts
Connection type	Audio
Quality level	Excellence
Connector material	solid metal plug
Product Category	Loudspeaker cable
Signal direction	IN/OUT
cable geometry	Round
