DESCRIPTION

Oehlbach Transmission Shift S-90 is our HD satellite cable with 90 degree angled F-connector for optimum picture and sound quality when connecting satellite receivers, DAB+ radio or even routers such as the Connect Box from Unitymedia. There is often little space behind devices for a straight connector or the satellite cable is to be routed away at a 90-degree angle for optical reasons. Oehlbach has designed the right-angled F connector for such cases. Oehlbach Transmission Shift S-90 comes ready assembled with antenna cable. Together, the cable and the Oehlbach F-connector create home cinema connection quality. Features of the high-quality equipment include 75-ohm impedance, 100 percent contact area and 24-karat gold-plated connectors.
