

# Speaker Wire SP-25 | transparent | 30 m

Product number	D1C108
Weight	2.32kg
Length	130mm
Width	90mm
Height	130mm

## Product description

Excellently made stereo loudspeaker cable wound on to a mini coil. This loudspeaker cable is suitable for amplifier performances of up to around 250 watts of power per amplifier channel. The use of oxygen-free copper (OFC) as the conducting material ensures that an extremely clear and true-to-life sound can be achieved with this loudspeaker cable. The cable has also been made from very many ultrathin stranded copper wires – each individual wire possesses a cross-section of around 0.125 mm. This complex design means that the cable is particularly conductive and flexible throughout.

## Product properties

Plug type 1	open end
Plug type 2	open end
Inner conductor material	OFC - oxygen-free copper
Amplifier power	For amplifier performances of up to 250 watts
cable length	30 m
cable material	plastic
Quality level	Performance
Colour	Crystal clear
Connection type	Audio
Product Category	Loudspeaker cable
Signal direction	IN/OUT
Features	30 years warranty**, Stereo speaker cable
cable geometry	Round
cable cross section	2 x 2.5 mm <sup>2</sup>
