

Silverline SP-15 | 8 m

OEHLBACH Silverline SP-15 - Silver-plated stereo speaker cable 2 x 1,5 mm², up to 150 W, OFC copper, highly flexible. Brilliant sound for demanding Hi-Fi.

Product number D1C332

Weight 0.4kg

Product description

Excellently made stereo loudspeaker cable wound on to a mini coil. This loudspeaker cable is suitable for amplifier performances of up to around 150 watts of power per amplifier channel. The use of silver-plated oxygen-free copper (OFC) as the conducting material ensures that an extremely clear and true-to-life sound can be achieved with this loudspeaker cable. The use of silver to refine this cable helps further improve the reproduction of trebles. The cable has also been made from very many ultrathin stranded copper wires – each individual wire possesses a cross-section of around 0.125 mm. This complex design means that the cable is particularly conductive and flexible throughout.

Product properties

Plug type 1	open end
Plug type 2	open end
cable material	plastic
cable length	8 m
Inner conductor material	SPC/OFC - silver-plated oxygen-free copper
Connection type	Audio
Quality level	Excellence
cable cross section	2 x 1.5 mm ²
Features	Silver content of 8g / kg, 30 years warranty**, Stereo speaker cable, Certified production in Europe
Product Category	Loudspeaker cable
Signal direction	IN/OUT
cable geometry	Round
Amplifier power	Recommended up to 150 Watt
Colour	Transparent
