Product number D1C13302

Weight 0.48kg

Length 320mm

Width 220mm

Height 40mm

Product description

High-end subwoofer cable of the extra class! Due to a particularly large cross-section of the inner conductor and the coaxial design, this state of the art is specially tuned for the transmission of low frequencies. The inner conductor made of high-purity, long-crystalline HPOCC copper guarantees an absolutely precise and powerful bass reproduction. The 2-fold shielding of silver-plated copper braiding also reliably eliminates any signal interference that may occur. Pre-assembled with the innovative RCA plugs XXL Silicon Evolution, the cable always offers the optimum bass performance.

Product properties

Features	24kt gold plated contacts, Made in Germany, 30 years warranty**
Plug type 1	RCA
Colour	Black
Connector material	High-quality fabric sheathing
Shielding construction	2 x copper braids
Quality level	State of the Art
Surface condition	24 carat gold-plated contacts
Connection type	Audio
cable length	2.20 m
Plug type 2	RCA
Signal direction	IN/OUT
Inner conductor material	HPOCC® – mono-crystalline oxygen-free copper inner conductor
cable geometry	Round
Shielding	Multiple shielding
Product Category	audio cable
