

Primus AB | Black/Gold | 5 m

Product number D1C9544
Weight 0.332kg
Length 140mm
Width 225mm
Height 40mm

Product description

The Oehlbach Primus AB USB 2.0 data cable has been specially developed for applications where the highest demands are placed on audio quality. It provides a first-class connection for devices with USB type B ports, such as high-end audio amplifiers, DACs (digital-to-analog converters) and other high-quality audio components. In audiophile setups where lossless and stable data transmission is crucial for perfect sound reproduction, the Primus AB sets the standard.

The reversible USB-A plug enables easy handling, while the monocrystalline, oxygen-free HPOCC copper inner conductor ensures exceptionally pure and precise signal transmission. Thanks to the triple shielding, the signal remains free from electromagnetic interference, which is essential when transmitting high-resolution audio data.

The full metal plugs coated with 24-carat gold ensure optimum contact reliability so that even the smallest nuances in the audio signal are transmitted without loss. The robust fabric jacket protects the cable from mechanical influences and ensures a long service life - ideal for long-term use in demanding audio setups.

The Oehlbach Primus AB is the perfect choice for anyone who doesn't want to compromise on their audio playback and relies on a state-of-the-art connection for transmitting music in studio quality.

Product properties

Product Category USB cable, Data cable cable material Solid plastic casing

Features Perfect for audio transmissions, DACs, external headphone amplifiers, etc., HPOCC® copper conductor for pure,

loss-free signal transmission, Triple shielding against interference for perfect audio quality, 24kt gold plated

contacts, Audio streaming, 30 years warranty**

USB-B Plug type 2

Shielding triple shielding Lizenzen HI-Speed USB **Quality level** State of the Art

Shielding

2 x aluminium foil + 1 x copper braiding

construction

Connection type Audio, Data

cable length 5 m

Connector solid metal plug

material

Signal direction IN/OUT

Inner conductor

HPOCC® - mono-crystalline oxygen-free copper inner conductor

material

Plug type 1 USB 2.0 Type A

cable geometry Round Colour Black/Gold 480 Mbps **Transmission**
