<b>Product number</b>	D1C4101
<b>Weight</b>	0.074kg
<b>Length</b>	140mm
<b>Width</b>	100mm
<b>Height</b>	20mm

### Product description

Massive and contact strong RCA plug for self-assembly. You can easily solder a suitable cable to this high-quality RCA plug. The plug is to be taken apart for this purpose, including the spring - which serves as bend protection. You can use the plug to assemble subwoofer, digital but also analog connections. As a subwoofer cable, the product created in this way can be used, for example, for the connection of active subwoofers to a home cinema system!

### Product properties

<b>Colour</b>	Gold
<b>Type of packaging</b>	solderable
