

Rattle Snake 3 SP-30 | 4 m

OEHLBACH Rattle Snake 3 SP-30 - Stereo speaker cable 2 x 3,0 mm², up to 300 W, OFC copper, durable and highly flexible, sold by the meter - for Hi-Fi and home.

Product number D1C350

Weight 0.38kg

Product description

Now available as a practical mini coil. High-quality and particularly flexible stereo speaker cable for connecting amplifiers or power amplifiers with speaker boxes. The speaker cable is suitable for amplifier power up to approx. 300 watts power per amplifier channel. The cable consists of three stranded strands of OFC copper (oxygen-free copper) and three stranded strands of SPC copper (silver-plated oxygen-free copper). This special construction brings - due to the proportion of silver-plated conductors - a significantly improved transmission especially in the high / mid-range! The outer jacket of this Oehlbach cable consists of a durable and flexible plastic mixture.

Product properties

Plug type 1	open end
Plug type 2	open end
Inner conductor material	OFC - oxygen-free copper, SPC/OFC - silver-plated oxygen-free copper
cable length	4 m
cable cross section	2 x 3.0 mm ²
Layout	Mini coil
Quality level	Excellence
cable geometry	Flat, Individually stranded strand bundles
Amplifier power	For amplifier performances of up to 300 watts
Product Category	Loudspeaker cable
Features	Stereo speaker cable, Certified production in Europe
Colour	Transparent
