## Product description

Small dimensions, big reception - that is the Oehlbach indoor antenna Scope Audio. With a powerful, newly developed receiver unit, it brings digital DAB+ radio in outstanding quality to all receivers with separate antenna connection. With its modern, timeless design, it cuts a fine figure everywhere. The Scope Audio is a compact, slim active radio antenna with adjustable amplifier power on the rear panel to adjust and optimise reception depending on location. The antenna is powered by a supplied USB power supply unit via a 1.8 metre long Y-connection cable with an integrated 24 carat gold-plated antenna plug. The Scope Audio indoor antenna is available in two colours: black or white.

## **Product properties**

Features 24kt gold plated contacts, adjustable amplifier, German Technology, antenna with extremely low-noise

receiver

Eliminates high-frequency irradiation

Characteristic

impedance

Colour

Black
