

CoverCon 75

OEHLBACH CoverCon 75 - 75 Ohm Abschluss für digitale Cinch-Anschlüsse.
Premium OEHLBACH quality for precise signal transmission in Hi-Fi and home cinema.

Product number	D1C55067
Weight	0.03kg
Length	170mm
Width	85mm
Height	30mm

Product description

This 75 OHM Cover Connector has been specially developed for digital outputs that are not being used on CD players and high-quality DVD and Blu-ray players. As a precisely defined terminating resistance for open digital cinch outputs that cannot be deactivated, it counters any reflections occurring at these points and thus effectively prevents sound degradation caused by interference to the main signal. Sound transmission from digital sources becomes audibly more natural and considerably more precise.

Product properties

Features	24kt gold plated contacts, German Technology
Colour	Blue
Characteristic impedance	Eliminates high-frequency irradiation
Plug type 1	RCA
Connector material	High-quality fabric sheathing
Product Category	Plug/connector
Quality level	Excellence
