<b>Product number</b>	D1C60091
<b>Weight</b>	0.115kg
<b>Length</b>	250mm
<b>Width</b>	145mm
<b>Height</b>	40mm

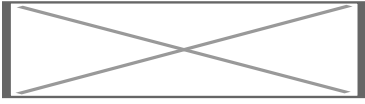

### Product description

HDMI signal output now plays an important role even in compact components such as smartphones, 7" tablets or digital cameras. Since the small dimensions of these devices make it impossible to integrate a conventional HDMI slot, the Micro HDMI connector (Type D) has been available since HDMI 1.4. Using our 3-star Oehlbach i-Connect HS Micro cable, these compact devices can be connected directly to a device with a conventional HDMI port. Thanks to the highest material quality, high-quality and interference-free signal transmission is guaranteed.

### Product properties
