## Product description

Digital high-end antenna cable for the transmission of high-resolution audio and image data. External interference stands no chance thanks to the use of a very compact sheath current filter. This five-star antenna cable's inner conductor is manufactured from highly pure, oxygen-free HPOCC® copper, its fivefold shielding means that its signal transmission is almost perfect and loss-free. The shielded full-metal plug helps make the transmission of highly sensitive HDTV signals extremely stable – particularly at the critical material transitions.

## Product properties

<b>Product Category</b>	antenna cable
<b>Shielding effectiveness</b>	125 dB
<b>Features</b>	24kt gold plated contacts, Reliable contact, 30 years warranty**, German Technology
<b>Characteristic impedance</b>	Eliminates high-frequency irradiation
<b>capacity</b>	52 pF/m
<b>Colour</b>	Black/Grey
<b>Connector material</b>	High-quality fabric sheathing
<b>Plug type 1</b>	antenna male
<b>Screen resolution</b>	1080p Full HD, 4K UHD 50/60 Hz
<b>Shielding</b>	Five times shielding
