

Cinch Caps

Product number	D1C55061
Weight	0.061kg
Length	30mm
Width	170mm
Height	85mm

Product description

High-quality cinch caps for hi-fi components with 24-carat gold-plated external finish and special coating on the inside. Thanks to the integrated special-coating, the caps are able to guarantee highest levels of protection against interference. This means that high-frequency radiation is reliably prevented from penetrating the device, which in turn results in an audible improvement in music reproduction. The devices’ inputs and outputs are also perfectly protected against corrosion.

Product properties

Colour	Gold
Features	24kt gold plated contacts, eliminates high frequency irradiation, German Technology
Quality level	State of the Art
Product Category	Plug/connector
