<b>Length</b>	115mm
<b>Width</b>	110mm
<b>Height</b>	110mm

### Product description

High-quality stereo speaker cable for connecting amplifiers or power amplifiers with speaker boxes - for amplifier power up to approx. 400 watts per amplifier channel. The use of silver-plated, oxygen-free SPOFC copper as conductor material ensures that this speaker cable has an extremely clear and lifelike sound image. With the help of silver plating, an even further improved high-frequency reproduction is produced. The outer jacket of this Oehlbach cable is made of a hard-wearing and very flexible plastic compound, which makes the cable particularly smooth to lay.

### Product properties

<b>Plug type 1</b>	open end
<b>Plug type 2</b>	open end
<b>cable length</b>	10 m
<b>Inner conductor material</b>	SPC/OFC - silver-plated oxygen-free copper
<b>Connection type</b>	Audio
<b>Quality level</b>	Excellence
<b>cable cross section</b>	2 x 4.0 mm <sup>2</sup>
