Product number D1C21532

Weight 0.202kg

Length 250mm

Width 145mm

Height 40mm

Product description

Preassembled subwoofer cable for connecting active subwoofers to home-cinema systems! Just the thing for connecting active subwoofers to AV receivers. The inner conductor's large diameter and the coaxial design mean that this Oehlbach cable is particularly suitable for the transmission of low frequencies. The inner conductor made from oxygen-free OFC copper also guarantees absolutely precise and powerful bass reproduction. The effective copper-braid shielding eliminates any occurring signal interference and guarantees perfect transmission quality. The subwoofer cable is extremely flexible in spite of its being very robust and also comes with solid plugs that are responsible for creating the optimum contact.

Product properties

Inner conductor material OFC - oxygen-free copper

Features 24kt gold plated contacts, Reliable contact, 30 years warranty**, German Technology

Plug type 1 RCA

Colour Black

cabl e length 2 m

Quality level Performance

Connection type Audio

Plug type 2 RCA

Signal direction IN/OUT

cabl e geometry Round

Shielding Multiple shielding

Product Category audio cable
