

Evolution CC | 2 m

Product number D1C9429
Weight 0.133kg
Length 40mm
Width 250mm
Height 145mm

Product description

With its 24 carat gold-plated contacts, the Oehlbach USB Evolution cable is an absolute guarantee for perfect contact security and a reliable connection. The double shielding completely eliminates all interference, while the robust metal plug ensures a firm hold. Thanks to the SPOFC (silver-plated oxygen-free copper) material, loss-free signal transmission is possible. The cable is also characterized by its high flexibility, which makes it available in different lengths and with different connector variants. With a data transfer rate of up to 20 Gbps and a charging capacity of up to 60 watts, the Oehlbach USB Evolution cable meets the requirements of the latest technology. Whether connecting peripheral devices or charging mobile end devices, this cable guarantees a reliable and stable connection. Our smart connection socket makes it easy to connect the cable to a cell phone with a protective case.

Product properties

Features 24kt gold plated contacts, PVC Free, Reliable contact, loss-free signal transmission, 30 years warranty**

Product Category Data cable

cable length2 mTransmission rate20 Gbps

Inner conductor material SPC/OFC - silver-plated oxygen-free copper

Surface condition 24 carat gold-plated contacts

Plug type 1 USB Type-C

Connection type Data

Quality level Excellence

Shielding construction 1 x aluminium foil + 1 x copper braiding

Connector material solid metal plug
Plug type 2 USB Type-C
