

# Black Connection Master | 0.50 m

OEHLBACH Black Connection Master - RCA audio cable, silver-plated OFC inner conductor and multi-layer screening. For Hi-Fi and home cinema systems. Clear.

<b>Product number</b>	D1C13830
<b>Weight</b>	0.584kg
<b>Length</b>	230mm
<b>Width</b>	230mm
<b>Height</b>	70mm

## Product description

Very exclusive analogue cinch cable for cabling high-quality home hi-fi and home-cinema systems. The inner conductor's revolutionary design ensures previously unheard of low intrinsic resistances with extremely high levels of purity. Even the monocrystalline transitions in the cast HPOCC are filled with pure silver during the "Silver Gap HPOCC" production process. This produces an almost seamless structure in the conductor and creates the ideal electrical conditions for the transmission of signals. Full-metal silicone-pin screw plugs plated with 24-carat gold connect this valuable inner conductor practically resistance-free to any type of audio component in home hi-fi or home-cinema systems. The high technical requirements are also satisfied by the cable's exterior: The plugs' exteriors have been fitted with genuine leather and are really pleasant to handle.

## Product properties

<b>Features</b>	24kt gold plated contacts, Reliable contact, silicon-pin-technology, Made in Germany, 30 years warranty**
<b>Colour</b>	Black
<b>Connector material</b>	High-quality fabric sheathing
<b>Plug type 1</b>	2xRCA
<b>Quality level</b>	State of the Art
<b>Surface condition</b>	24 carat gold-plated contacts
<b>cable length</b>	50 cm
<b>Connection type</b>	Audio
<b>Shielding</b>	Quadruple shielding
<b>Plug type 2</b>	2xRCA
<b>Signal direction</b>	IN/OUT
<b>Inner conductor material</b>	HPOCC® – mono-crystalline oxygen-free copper inner conductor
<b>cable geometry</b>	Round
<b>Product Category</b>	audio cable
<b>Shielding construction</b>	2 x aluminium foil + 2 x copper braiding
