MMT-G Cat 6

Product number	D1C8865
Weight	0.098kg
Length	15mm
Width	3mm
Height	15mm

Product description

CAT 6 Multimedia application with LSA technology. A network cable can be installed in an uncomplicated and time-saving manner thanks to a tool-free clamp-cutting technique on the rear side. A clear colour marking prevents mix-ups. The transition to the multimedia connection is then ideally shielded from interference by an additional cover. On the front side, the multimedia insert has a standard RJ45 socket for connection with a conventional patch cable. The insert has 24 carat gold plated contacts. In combination with the mounting frame any two multimedia inserts (alternatively one insert combined with a blind cover) can be mounted per frame with internal dimensions 50x50mm.

Product properties

Features	24kt gold plated contacts, Reliable contact
Colour	Silver
Quality level	Excellence
Product Category	Multimediablenden
