### Product description

With the new generation Oehlbach USB Plus cable, you can enjoy a reliable and secure plug connection, a data rate of up to 20 Gbps and a charging capacity of up to 60W. The cable is equipped with highly flexible OFC cables made of oxygen-free copper for optimum signal transmission. Thanks to the high-quality PVC shielding and the shielding structure consisting of an aluminum foil and a copper braid, interfering influences are effectively shielded. In addition, the gold-plated contacts and the robust metal plug ensure high quality. The Oehlbach USB Plus cable is the ideal solution for a reliable and powerful connection in your digital world.
