Weight	0.16kg
Length	205mm
Width	205mm
Height	200mm

Product description

High-quality and particularly flexible stereo speaker cable for connecting amplifiers or power amplifiers to speaker cabinets. The speaker cable is suitable for amplifier power of up to approx. 600 watts per amplifier channel. The cable consists of three stranded strands of OFC copper (oxygen-free copper) and three stranded strands of SPOFC copper (silver-plated oxygen-free copper). Due to the proportion of silver-plated conductors, this special construction results in significantly improved transmission, especially in the high/mid-range! The outer sheath of this Oehlbach cable consists of a hard-wearing and flexible plastic mixture.

Product properties

Plug type 2	open end
Amplifier power	For amplifier performances of up to 600 watts
Inner conductor material	OFC - oxygen-free copper, SPC/OFC - silver-plated oxygen-free copper
cable material	plastic
cable cross section	2 x 6.0 mm ²
Colour	Crystal clear
Connection type	Audio
Quality level	Excellence
cable length	50 m
Product Category	Loudspeaker cable
Signal direction	IN/OUT
Features	30 years warranty**, Stereo speaker cable, Certified production in Europe
