

Silverline SP-25 | 8 m

OEHLBACH Silverline SP-25 - Silver-plated stereo speaker cable 2 x 2,5 mm², up to 250 W, OFC copper, highly flexible. Brilliant sound for demanding Hi-Fi.

Product number D1C337

Weight 0.6kg

Product description

Excellently processed stereo speaker cable wound on a mini reel. The speaker cable is suitable for amplifier power of up to approx. 250 watts per amplifier channel. The use of silver-plated, oxygen-free OFC copper as conductor material ensures that this speaker cable has an extremely clear and natural sound. The silver plating further improves the reproduction of high frequencies. The cable is also constructed from a large number of ultra-thin stranded copper strands - approx. 0.125 mm cross-section per individual strand. Due to this elaborate processing, a particularly high conductivity and flexibility of the entire cable is achieved.

Product properties

Plug type 1	open end
Plug type 2	open end
Amplifier power	For amplifier performances of up to 250 watts
cable material	plastic
Colour	Transparent silver
cable length	8 m
Inner conductor material	SPC/OFC - silver-plated oxygen-free copper
Connection type	Audio
Quality level	Excellence
Features	Silver content of 8g / kg, 30 years warranty**, Stereo speaker cable, Certified production in Europe
Product Category	Loudspeaker cable
Signal direction	IN/OUT
cable geometry	Round
cable cross section	2 x 2.5 mm ²
