

Antenna Link | 2 m

OEHLBACH Antenna Link - High-quality coaxial antenna cable with high shielding for interference-free TV reception. For DVB-T2, cable TV and satellite systems.

Product number D1C33112

Weight 0.228kg

Product description

Oehlbach Select Antenna Link is the ideal antenna cable for digital terrestrial television DVB-T2, digital radio DAB+ or classic cable television. Each of these Select Antenna cables in different lengths is equipped with the appropriate IEC connectors for quick and easy connection. Afterwards you will experience in picture and sound what Oehlbach quality means. An OFC conductor, well protected all around by aluminium foil and copper braiding with 120 dB shielding capacity, 24 carat gold-plated connections made of full metal and a 100% contact surface create perfect entertainment for you day after day, time and time again while watching TV or listening to the radio. This is how the entire 45 years of Oehlbach experience and many innovations with German Technology become a unique entertainment experience.

Product properties

Product Category	antenna cable
Shielding effectiveness	120 dB
Inner conductor material	OFC - oxygen-free copper
Features	24kt gold plated contacts, 100% contact reliability, 30 years warranty**, German Technology
Characteristic impedance	Eliminates high-frequency irradiation
cable length	2 m
Plug type 1	antenna male
Connection type	Audio, Video
Quality level	Excellence
Shielding construction	1 x aluminium foil + 1 x copper braiding
Connector material	solid metal plug
Plug type 2	Antenna female
Artikel FH Exklusiv	Ja
Signal direction	IN/OUT
cable geometry	Round
Shielding	Multiple shielding
Colour	White
