| Width | 90mm |
| Height | 70mm |

Product description

Excellently made stereo loudspeaker cable wound on to a mini coil. This loudspeaker cable is suitable for amplifier performances of up to around 75 watts of power per amplifier channel. The use of oxygen-free copper (OFC) as the conducting material ensures that an extremely clear and true-to-life sound can be achieved with this loudspeaker cable. The cable has also been made from very many ultrathin stranded copper wires – each individual wire possesses a cross-section of around 0.20 mm. This complex design means that the cable is particularly conductive and flexible throughout.

Product properties

| | |
|---------------------------------|--|
| Plug type 1 | open end |
| Plug type 2 | open end |
| Amplifier power | For amplifier performances of up to 75 watts |
| Inner conductor material | OFC - oxygen-free copper |
| cable length | 30 m |
| cable material | plastic |
| cable cross section | 2 x 0.75 mm ² |
| Quality level | Performance |
| Connection type | Audio |
| Signal direction | IN/OUT |
| Features | 30 years warranty**, Stereo speaker cable |
| cable geometry | Round |
| Colour | Transparent |
