HIGHLIGHTS

- 24kt gold plated contacts
- patented anti-kink plug
- PVC Free
- 30 years warranty**
- German Technology

DESCRIPTION

The Flex Evolution Ultra High-Speed HDMI® cable offers stunning quality in 8K at 50/60 Hz or 4K at up to 120 Hz. It has a specially developed registered patent plug with integrated bend protection. The design and material properties of this plug provide optimum protection of the cable against cable breakage while at the same time shortening the plug housing. The cable is PVC free and uses only TPE (thermoplastic rubber). A high-quality OFC conductor, triple shielding and 24 carat gold-plated plugs ensure the perfect finish.
