## Product description

Particularly high-quality analogue audio cinch cable for cabling hi-fi and home-cinema systems! The coaxial design and the silver-plated inner conductor made from oxygen-free copper (SPC = silver-plated copper) means that this Oehlbach cable delivers particularly good spatiality and outstanding dynamics. Perfect contact reliability and a pleasant handling are guaranteed with the 24-carat gold-plated contacts. The cable may be used for all purposes and is absolutely resistant to all sheath currents thanks to its extremely robust and flexible outer sheath and metal plug.
