

Twin Mix One B | 3 m

OEHLBACH Twin Mix One B - Banana plug for 2 x 3,0 mm², 24-carat gold-plated. Easy installation, secure connection for Hi-Fi loudspeakers, AV receivers and.

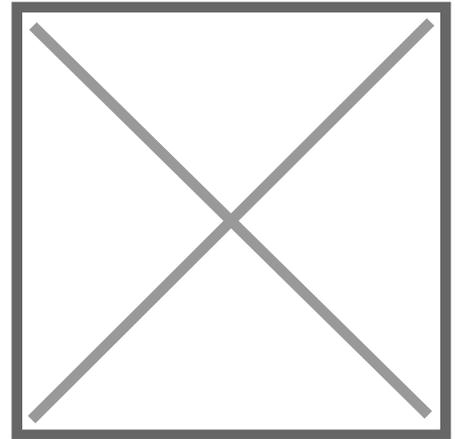

Product number D1C10717

Weight 0.98kg

Length 320mm

Width 220mm

Height 70mm

Product description

Excellently coordinated stereo loudspeaker cable for connecting AV receivers or amplifiers and loudspeaker boxes. The cable is preassembled with Oehlbach Solution banana connectors to allow convenient connections and guarantee a stable quality of transmission. This loudspeaker cable is suitable for amplifier performances of up to around 300 watts of power per amplifier channel. The cable is manufactured from three stranded strings of oxygen-free copper (OFC) and three stranded strings of silver-plated oxygen-free copper (SPOFC). The proportion of silver-plated conductors means that this special design considerably improves transmission properties, particularly in the treble/mid-tone range! This Oehlbach cable's outer sheath is made from a tough, transparent and highly flexible mix of plastics for very supple and flexible laying.

Product properties

Inner conductor material	OFC - oxygen-free copper, SPC/OFC - silver-plated oxygen-free copper
cable material	plastic
cable cross section	2 x 3.0 mm ²
Colour	Crystal clear
Surface condition	24 carat gold-plated contacts
Plug type 1	2 x banana plug
Connection type	Audio
Quality level	Excellence
Plug type 2	2 x banana plug
cable length	3 m
Connector material	solid metal plug
Amplifier power	For amplifier performances of up to 300 watts
Product Category	Loudspeaker cable
Features	Made in Germany, 30 years warranty**
Signal direction	IN/OUT
cable geometry	Round
