

## Speaker Wire SP-25 | white | 20 m

Product number D1C196
Weight 1.68kg
Length 90mm
Width 70mm
Height 90mm

## Product description

Excellently made stereo loudspeaker cable wound on to a mini coil. This loudspeaker cable is suitable for amplifier performances of up to around 250 watts of power per amplifier channel. The use of oxygen-free copper (OFC) as the conducting material ensures that an extremely clear and true-to-life sound can be achieved with this loudspeaker cable. The cable has also been made from very many ultrathin stranded copper wires – each individual wire possesses a cross-section of around 0.125 mm. This complex design means that the cable is particularly conductive and flexible throughout.

## **Product properties**

Plug type 1 open end Plug type 2 open end

Inner conductor material OFC - oxygen-free copper

**Amplifier power** For amplifier performances of up to 250 watts

cable materialplasticcable length20 m

Quality level Performance

Connection type Audio

Product Category Loudspeaker cable

Signal direction IN/OUT

**Features** 30 years warranty\*\*, Stereo speaker cable
