

Radio Rod

OEHLBACH Radio Rod - DAB+/FM antenna for clear digital and analogue radio reception. Quick F-connector, easy installation on amplifier or receiver.

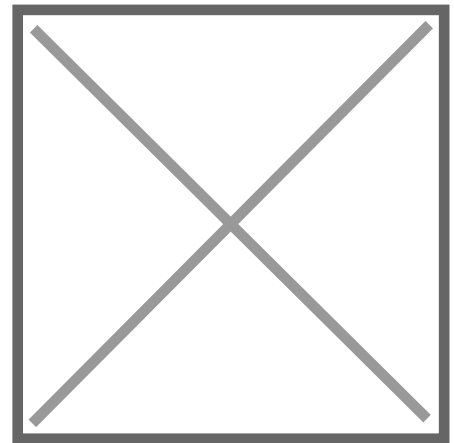

Product number D1C17207

Weight 0.09kg

Length 140mm

Width 100mm

Height 50mm

Product description

The high-quality passive rod antenna including adapter offers the best reception performance in the entire DAB+ and FM range thanks to the Quick F connector adapted to 75 ohms. The rod antenna can be retracted and is therefore also very compact for transportation, for example when travelling. Thanks to its magnetic base, the Radio Rod antenna can also be positioned and mounted flexibly.
