

ANTENNA CABLE WITH 120 DB SHIELDING, HALOGEN-FREE

ANTENNA 120 MP

This excellent ProIn antenna cable with fourfold shielding counts among the best on the market. Its shielding rating of 120 dB means that it is perfectly protected from interference, it is HDTV-compatible without restriction and offers sufficient reserves for future applications. Due to the fact that only materials of the highest quality have been used, the cable is very resistant to ageing and thus may be reliably used for a long time.
