STATE OF THE ART

BRILLIANT NF AUDIO CABLE SET WITH RCA PLUG

BLACK CONNECTION MASTER

1 PAIR

Very exclusive analogue cinch cable for cabling high-quality home hi-fi and home-cinema systems. The inner conductor's revolutionary design ensures previously unheard of low intrinsic resistances with extremely high levels of purity. Even the monocrystalline transitions in the cast HPOCC are filled with pure silver during the „Silver Gap HPOCC“ production process. This produces an almost seamless structure in the conductor and creates the ideal electrical conditions for the transmission of signals. Full-metal silicone-pin screw plugs plated with 24-carat gold connect this valuable inner conductor practically resistance-free to any type of audio component in home hi-fi or home-cinema systems. The high technical requirements are also satisfied by the cable's exterior: The plugs' exteriors have been fitted with genuine leather and are really pleasant to handle.

2xCinch

24ct GOLD

| | |
|--------------------------|---|
| Connector material | Solid full metal plug |
| Bending radius | 60 mm |
| Inner conductor material | HPOCC® – mono-crystalline oxygen-free copper inner conductor |
| cable geometry | Round |
| Shielding | Quadruple shielding |
| Shielding construction | 2 x aluminium foil + 2 x copper braiding |
| Features | 30 years warranty, Made in Germany, silicon-pin-technology, Reliable contact, 24kt gold plated contacts |
| cable material | Robust plastic sheathing, Coat with leather look |
| Cable diameter | 7,5 mm |
